## FEW DIVERSIONS APPEAR

## IN WALL STREET MARKET.

## ACTIVITY EARLY IN DAY

## SOON VANISHES.

Rise in the Vanderbilts is Lost  
After Adjournment of Board  
of Directors.

New York, Aug. 5.—There were only a  
few diversions in today's stock market to  
relieve what was otherwise a dead level  
of dullness and monotony. Dealings during  
the first hour were somewhat more active  
than yesterday and the moderate upward  
movement became quite general. Only a  
few stocks moved more than a point, and  
the interest promptly died away. The ex-  
ecution of orders in a few high-grade in-  
vestment stocks of which the small float-  
ing supply is closely held caused some  
strange trading. The rise in the Vander-  
bilts, led by New York Central, was ap-  
parently based on an expectation that to-  
day's meeting of the board would lead to  
some action in regard to the rumored plan  
of a combination between St. Louis & San  
Francisco and Central of Georgia Railway  
was responsible for the advance in the for-  
mer and for the buying of the income bond  
of the latter. Details of the report from  
out of the movement.

## Express Stocks are Lifted.

American Express and United States Ex-  
press rose easily on the accumulation of  
some small amounts of stock. Missouri  
Pacific resisted some pronounced selling  
pressure and moved irregularly all day.  
The refusal of the adjournment board  
to announce the income bond was a disap-  
pointment for the buying of the income bond  
of the latter. Details of the report from  
out of the movement.

## London in Need of Ready Money.

Money was in active demand in London,  
presumably in preparation for the 30-per-  
cent refunding of the income bond of the  
\$100,000,000 consol issue which is payable on  
Thursday. Sterling at Paris advanced a  
centime further today. London advanced a  
centime here today. This selling is sup-  
posed to represent the re-transfer to New  
York of securities sent to London in June  
to be held there for American owners who
